

Journeyperson Millwright

Location: Meadow Lake, SK

Posting End Date: August 28, 2026

Employment Contract: Permanent-Full Time

MLTC BioEnergy Centre is a power production facility located east of Meadow Lake, SK and owned by the nine First Nations of the Meadow Lake Tribal Council. We utilize biomass as fuel to produce and supply electricity as part of power purchasing agreement with SaskPower.

We are seeking energetic and qualified applicants to join our maintenance team. If you have experience in heavy duty industrial environments, we want to talk to you! We offer a positive work environment including a team-based focus and long term job stability. Escape the city and enjoy both winter and summer recreational opportunities in this great location!

Your primary responsibility is that of an Industrial Mechanic (Millwright) in a power production facility. The role involves troubleshooting and repairing equipment breakdowns and equipment that is operating out of specifications in a timely manner during the production shifts. You will perform preventative maintenance tours and make recommendations for repairs and replacements as observed. There will also be significant project work and equipment installations required. There are regular opportunities for overtime for those who are interested.

Qualifications:

- A valid Saskatchewan or interprovincial journeyperson ticket as a millwright [3rd and 4th year apprentices are encouraged to apply as well]
- Preferably five years of industrial experience as a journeyperson
- Strong team player with excellent communication skills
- Excellent safety record

Assets:

- Maintenance experience in an industrial environment

MLTC Bioenergy Offers:

- Competitive wage, benefits, and pension plan with annual wage increases
- Opportunities for advancement

MLTC BioEnergy is especially committed to creating opportunities and removing employment barriers for qualified women, Indigenous persons, persons with disabilities and members of visible minorities.
